Summary

AI Filmmaker & Video Editor with 4+ years of experience across generative AI filmmaking, cinematic storytelling, broadcast television, branded content, and post-production. Specializing in end-to-end production of AI short films, episodic series, cinematic advertisements, UGC-style content, and music videos. Experienced in story development, screenwriting, creative direction, AI video generation, character consistency, editing, color grading, and sound design. Produced 75+ episodes across 10+ AI series, with a 90% first-pass approval rate. Founder & Creative Director of Pixl Studios, an AI-native creative studio. Open to international remote and relocation opportunities, including visa sponsorship.

Experience

AI Filmmaker Aug 2026 – Present
Chaptr Inc. – US-Based AI Vertical Drama Platform *Remote (Mumbai, India)*

- Write, direct, and produce AI-generated cinematic series, managing the complete production pipeline from story development and screenwriting to video generation, editing, color grading, sound design, and final delivery
- Produce episodic content across romantic thrillers, crime, drama, and fantasy, maintaining consistent characters, environments, and visual storytelling
- Achieved a 90% first-pass approval rate against the platform's episode quality standards
- Develop reference-based generative AI workflows to maintain character consistency, scene continuity, and visual consistency across episodes
- Collaborate remotely with an international production team, coordinating production and delivery across time zones

Lead AI Video Editor & Generative AI Creative Jul 2025 – Jul 2026
RDC Media & Koo Koo TV *Mumbai, India*

- Led a full AI creative team, setting production standards and directing company-wide adoption of generative AI tools
- Cut production timelines by 85% by designing a generative pipeline using Higgsfield, OpenArt, and Magnific, integrated with traditional post-production
- Owned the complete generative pipeline from brief to final delivery: story development, image and video generation, voice and music generation, editing, color grading, and sound design
- Drove content strategy and channel growth across YouTube and Instagram using SEO and performance analytics

Founder & Creative Director May 2026 – Present
Pixl Studios – AI-Native Creative Studio *Mumbai, India*

- Founded Pixl Studios, an AI-native creative studio specializing in cinematic films, advertisements, branded content, UGC-style videos, and music videos
- Lead end-to-end AI production, including concept development, screenwriting, creative direction, image and video generation, editing, color grading, sound design, and final delivery
- Develop AI-powered creative workflows combining generative video tools with traditional filmmaking and professional post-production techniques

Senior Video Editor Jan 2025 – Jul 2025
Bhaktisagar TV *Mumbai, India*

- Led post-production for daily broadcast programming, maintaining a 100% on-time delivery record across the entire tenure
- Promoted to Senior Editor within 6 months, the fastest advancement on the team

Video Editor Jul 2024 – Dec 2024
Arka *Navi Mumbai, India*

- Produced brand videos, music videos, short-form social content, and promotional material for a multi-industry client portfolio
- Delivered broadcast-ready color grading in DaVinci Resolve across all client deliverables under tight turnarounds

Video Editor Jul 2022 – Jul 2024
Add-One Films Pvt. Ltd. *Mumbai, India*

- Edited music videos, short films, documentaries, podcasts, trailers, and teasers across two years of productions
- Handled on-site shoots and full post-production simultaneously across multiple client projects
